

Planning a wedding requires organization and attention to the most minute details, and sometimes it can be hard to remember everything that you need to! Below is a printable checklist which you can use to help keep you organized! Print a copy and keep it with your paperwork and check off each task as you complete it.

### 12 MONTHS OR MORE BEFORE THE WEDDING

Announce your intention to marry to BOTH sets of parents. Arrange to have them meet if they haven't already.

Determine type (formal, semi-formal, informal), style and theme of the wedding.

Make a list of what is important to you for your wedding; this will help you determine your budget.

Sit down with your fiance and ALL parents and discuss the wedding budget, and who will pay for what.

Get or make a wedding organizer (a 3 ring binder with pockets works great). Use it to store all your information, contracts, ideas, photos, etc.

Speak with your clergy/officiant and review synagogue/church requirements.

Come up with 2 or 3 possible wedding dates and start looking for ceremony and reception venues. If a venue you like is available on one of your chosen dates, book it immediately; many venues will often be booked up to 2 years in advance, so have several choices in mind beforehand in case they are already booked.

If you are using one, start looking for and book a wedding consultant.

### 9 TO 11 MONTHS BEFORE THE WEDDING

Start looking for and interviewing all the remaining vendors:

Photographer

Videographer

Caterer (if needed)

Officiant (if needed)

Florist

If any vendor you like is available on your date and is within your budget, book them IMMEDIATELY! Like reception and ceremony venues, many of these vendors can be booked up to a year in advance.

Together with your parents, begin compiling your preliminary guest list. You can always narrow down this list to fit within your size requirements and budget limitations at a late date.
